COMPLAINTS FILED ON THEFT CHARGES

Following a series of thefts of rubber tire material and the filing of a number of complaints by local lawyers, four men were arrested Wednesday and Thursday by police sergeant Bryant, assisted by the detective department.

Charges were filed Friday in the county court against Martin Duran for receiving and concealing stolen property, and against Eusebio Ballastera, Rafael Frausto and Miguel Provencio for theft under \$50. Duran, who is a huckster, is alleged to have received a portion of the stolen rubber. Nearly \$100 worth of the stolen material was recovered by the police. Most of it was identified as belonging to Nat Green, proprietor of the Star livery stable. The Longwell Transfer company and others have also reported thefts of rubber.

Cut Glass Sale at the Popular Attractions Many Eager Buyers

A scene that has probably never before occurred in an El Paso department store, was witnessed at the Popular Dry Goods store on Friday morning. The cause of all the excitement was a sale of cut glass.

If the sale had been of diamonds at reduced prices, the crowd could not have been larger or more eager to get hold of the bargains. Men as well as women bargain hunters knew that the chance to get the cut glass was the first, and probably the last they would have, and a crowd five deep surrounded the counter.

Each person was buying four and five pieces and after an hour of the sale, indications were that even the counter could be sold before the day was finished.

It was a striking example of progressive, metropolitan merchandising, showing that El Paso shoppers can enjoy all the advantages of "city shopping" in their own city.

NO REASON FOR A DELAY IN ELECTION

Message of Granados to Congress Is Expression of de la Barra

Mexico City, Mex., Sept. 22.—That there is no good reason for postponement of the elections was the substance of a special message sent to congress by Alberto Garcia Granados, minister of the interior, who stated that he expressed the views of president de la Barra.

Except for the reading of this message the subject of postponement of the elections was not raised in congress. The senate committee which is studying the petition of the Revistas and the committee considering similar measures presented to the lower house, continued to hold back these documents.

"With the exception of the state of Chihuahua," says the message of the minister of the interior, "where there exists a certain effervescence caused by political questions of a character merely local, the state of Sonora, where some revolutionary chiefs have tried to defy the government without having arrived at open rebellion, the country may be considered as pacified. The state of Morelos, in which the public peace up to a few days ago was seriously disturbed, has now become calm, a thing which indicates the early and complete reestablishment of tranquility in that region.

"That it may not seem that the executive is trying to influence the resolutions of congress, he considers it appropriate to state that in his opinion the disturbances of public order to which reference has been made will not be a serious obstacle to the holding of the elections throughout the republic on the date for which they have been called.

"As expected, the message was well received by friends of Madero, but anti-Maderists called attention to the fact that the executive had ignored as inconsequential activities of Zapata in Puebla and Oaxaca, the killings in Yucatan, a disaffection in Campeche and those districts in various parts of the republic where disorders of a rebellious character have recently occurred.

RAILS RECEIVED FOR PEARSON LINE

manufacturers. The material will be sent south in the afternoon.

OROZCO TENDERS SERVICES AGAINST MAGONISTAS

"El Imparcial," a Mexico City daily, publishes a letter from Pascual Orozco to president de la Barra, in which the insurrecto general offers his services to the nation in quelling the uprising of the band under Zapata in the state of Morelos. It did not state whether Orozco's offer had been accepted by the president.

ALLEGED GLASS CUTTER ARRESTED

While one man stood in front holding a newspaper spread open as if reading it, another, concealed by the newspaper, was busy cutting away at the glass of a side door of the Tuttle Paint company, 210 North Stanton street, about 5 o'clock Thursday afternoon.

A passerby finally grew suspicious and watched the men from a distance, then summoned patrolman Lecher. At the approach of the policeman both men started to run. The policeman gave chase and captured a man who he thought was one of the pair. At the police station he gave the name of A. Gamboa. He is being held pending an investigation of the case.

CANADIAN PAPERS GLOAT OVER THE LANDSLIDE

ernment risked its life on the issue of reciprocity and lost it.

"The people of Ontario do not like their neighbors to the south. That is emphatically the opinion of yesterday's election. Liberals in tens of thousands must have joined with conservatives in city and country to show their objections to having any truck or trade with the Yankees."

The other provinces, taken together, have a majority for Liberals and larger markets, but by an overwhelming vote Ontario has declared that she will have nothing to do with reciprocity.

Causes Surprise in England.

London, Eng., Sept. 22.—The overwhelming defeat of premier Laurier and the Liberal government's policy of reciprocity with the United States at the polls in Canada yesterday, came as a surprise in England.

It had been expected that the Liberal majority would be decreased, but even the strongest opponents of reciprocity had not so much as suggested such a majority against the Canadian-American agreement as the Conservative leader, Mr. Borden, obtained.

The result generally is welcomed here, as it indicates a change in the trade arrangement pressed closer political relations between the neighbors. The consequent loosening of the imperial ties.

There was a slight relapse in American securities on the stock exchange this morning following the news of the Liberal defeat, but prices soon recovered and later changes were credited to other causes.

The body building and nourishing qualities of Duffy's Pure Malt Whiskey restored a very sick woman to the best of health. It will do the same for you if you will give it a chance.

She recently wrote:—"I am a regular user of Duffy's Pure Malt Whiskey and I have derived much benefit from its nourishing qualities. It is the greatest tonic and stimulant I know of for weak systems. I was very sick some time ago, but owing to this elixir of life, I am enjoying splendid health at present. I should have written sooner and thanked you for the good your whiskey has done and is doing for me. It is the real medicine of the American people." Mrs. James Craven, Waltham, Mass.

MRS. JAMES CRAVEN

Duffy's Pure Malt Whiskey

STANDARD OF PURITY AND EXCELLENCE SINCE 1860

If every man and woman in the United States would only appreciate what this great family medicine does toward building up the system, driving out the disease germs by strengthening the digestive organs and quickening the circulation so as to prevent a cold or other form of congestion from becoming deep rooted, ninety per cent. of the illness would be avoided. When people get sick they blame different causes, but if they would only stop and think the chief cause is the system is allowed to run down; the blood becomes thin, the digestive organs are not strong enough to do their work properly, the tissues become weakened, the kidneys are unable to carry off the waste matter. The result is pains, aches, and all kinds of troubles. Just give your system a chance; build it up by taking Duffy's Pure Malt Whiskey as directed; it will build new tissue, help the stomach digest the food, strengthen the heart action, enrich the blood and invigorate the body, brain and nerves.

Duffy's Pure Malt Whiskey is the only whiskey that was tared by the Government as a medicine during the Spanish-American war. Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers, or direct, \$1.00 a large bottle. Our doctors will send you advice free, together with a valuable illustrated medical booklet on request. The Duffy Malt Whiskey Co., Rochester, N. Y.
